

Clackamas County Junior Baseball Association (CCJBA)

March 18, 2020

CCJBA has been carefully monitoring coronavirus developments both locally and nationally. As we navigate this uncharted territory, we are truly appreciative of your efforts and flexibility to keep our communities positive, engaged and safe. Our goal is to organize a successful season for our communities to the extent we can during these challenging times, however our priority remains the health and safety of everyone.

Despite the uncertainty of being able to start the 2020 CCJBA season resulting from the COVID-19 outbreak, CCJBA has created a transitional plan for our 2020 season to accommodate the rapid changes we are facing with extended suspensions and/or closures of events and locations.

April 20, 2020

- Original start week of the 2020 CCJBA Season. This date is no longer valid, CCJBA has set a new start date of May 11, 2020.

May 11, 2020

- New start week of the 2020 CCJBA Season, if restrictions are lifted by the Oregon Governor, OSAA, CDC, Schools, etc.
- There is no date change for District or JBO Championship Games.

If there are still mandated restrictions in place on May 11th, the season opener will be moved to June 1st (or earlier if restrictions are lifted)

June 1, 2020

- Final start week of the 2020 CCJBA Season, if restrictions are lifted by the Oregon Governor, OSAA, CDC, Schools, etc.
- There is no date change for District or JBO Championship Games.
- Teams will play the first 8 teams on their schedule. There will be no rescheduling of those games and must be finished by original league end date dependent on level of play.
- There will be no team movements.

If there are still mandated restrictions in place on June 1st, the season will be officially cancelled.

You can stay up to date at the Oregon Health Authority's COVID-19 webpage, where you can find the latest information and recommendations on how to stay healthy. Thank you for your continued support to your communities and to CCJBA.

Sincerely,

CCJBA Board
